### Who We Are

Radiant Hope Biblical Counseling exists to help individuals and families apply God's Word to life's most difficult struggles. We offer counseling rooted in Scripture, centered on the gospel, and dependent on the Holy Spirit, not secular psychology or self-help theory.

We're here to strengthen the Church, not sideline it. Our goal is to serve as a trusted resource that equips churches, ministries, and Christian businesses to care for people well.

### Standing on the Word

"And let us consider how to stir up one another to love and good works..."  
Hebrews 10:24

## Our Counseling Process

### **Step 1: Initial Intake**

Clients gain access to our portal where they fill out the necessary forms and schedule their appointment.

### **Step 2: First Session**

We gather data, assess spiritual needs, and establish goals for biblical change using Scripture.

### **Step 3: Ongoing Biblical Counseling**

Counseling includes instruction from the Word, prayer, heart-level accountability, and practical weekly homework for transformation.

### **Step 4: Closure or Transition**

We work toward a clear endpoint, equipping the counselee to continue growing in their local church context.

Note: With written consent, we can communicate with the referring pastor or ministry leader to keep care consistent and coordinated.

## Our Theological Commitments

We hold firmly to the sufficiency, authority, and clarity of Scripture. Our counseling model reflects the following beliefs:

- The Bible is sufficient to address every issue of the heart (2 Tim. 3:16–17)
- The gospel is central to both justification and sanctification
- The local church is essential for long-term growth and accountability
- Change is possible through repentance, faith, and obedience empowered by the Holy Spirit
- The counselor is a disciple-maker, not a therapist or behavior manager
